

Toddler Memories

Morah Jenny, Morah Noemi, Morah Galit

Dear Parents;

We continued our unit on Brachos. Bagels, white, rye, multi grain bread, hot dog buns, hamburger buns and challah were joined together to form the Hamotzie L'Chem Min Ha'Aretz group. We learned that we wash our hands before saying this bracha and we say Brikat Hamazon (grace after our meal) after we finish eating the bread. To understand this concept the children had a great time making their own Challah and taking it home to share with their family.

For our project we made a special Berikat-Hamazon holder and we hope that you enjoy using this beautiful craft that your child made. We also like to thank all the parents for sending the materials we needed for this project.

Purim is in the air. The children sat entranced as the story of Purim unfolded with the help of our Purim puppets. As we are getting closer to the happy holiday of Purim the children are becoming more familiar with the names and the character of Megilas Esther.

We continued reviewing the letters Alef through Gimmel with Morah Galit and added the letter Daled to our letters this week. Daled for Dag (fish), Degel (flag) and Dobbi (bear).

We had a great week full of fun activities with Morah Gitty, Morah Lilly and at soccer with Nando. To end this wonderful week we had an amazing Birthday party for Avi Camissar with yummy cup cakes, goody bags and so much fun.

Mazal tov to Rabbi and Mrs. Camissar on Avi's second birthday, wishing them lots of nachas.

Have a wonderful Shabbos,
Morah Jenny, Noami and Galit
